

Categories and how to appear in them

Models

Categories help describe live streams and [your profile](#). Viewers use them to find what they want to see and bring the right traffic to your chat room.

You can be included in categories if they meet the qualifying conditions that apply to each. These are all the different category types of our site and what they're based on:

Fixed categories

Categories based on the information in your documents

[“Country” category](#) (American, Colombian, etc.). Learn how to [block your account from being seen](#) in specific countries.

[“Language” category](#) (e.g., if you are from Germany, you will appear as “German Speaking”). You can choose up to 3 languages in your profile. Please only choose the languages you are truly proficient in for the best communication with users. Don't try to select more languages in the hope of gaining some advantage. Remember, quality over quantity.

[“Age” category](#) (Teen 18+, Young 22+, etc.). You can disable your profile from appearing in your age category in “Settings” > “Country & Age”.

Category “New” for new models

All [newly registered models](#) will appear in this category for 30 days (up to 80 streaming hours) since the first broadcast.

Custom categories

Categories based on profile information

[“Body type” category](#) (skinny, athletic, etc.)

[“Hair” category](#) (blonde, black, colorful, bald, and other)

[“Interests” category](#) (Nylon, Role-Playing, etc.)

Categories based on selected activities and show settings

[“Activities” category](#) which is selected for public, Private, and Exclusive Private shows (Blowjob, Masturbation, etc.).

[“Recordable shows” category](#) (e.g., if you have the recording of public/Private shows enabled).

Verifiable categories

Categories and how to appear in them

We have special and holiday-specific categories that require verification, such as “Oktoberfest” or “Valentine's Day”. To be featured in them, you must upload a sample video through the “Stream Specifics” to verify that their show will match the chosen category. Please note that your face must be visible in a sample video.

Categories based on devices

“Streaming via Phone” category (if you are streaming from a mobile device).

“Interactive toy” category (if there’s a toy connected).

Categories related to Private shows / Spy on shows / Cam2Cam

Category based on the Private show pricing (e.g., “8-16 tk”).

“Best for Privates” category (it’s based on the number of Private shows and their rating according to users’ reviews).
