

Video Content Creator-How to start

How to start

1-To start register your account include video teasers for approval. Maximum duration should be 10-20 seconds

2 When your video is approved you will receive an email with further instruction and a link to upload production ready videos

3 We will review your product ready videos and distribute to major clip sites for distribution on their network

4-You can check your video sales and payment history through your performer's dashboard

We pay in Crypto which then be transferred to your bank
